Re Miami letter dated 10/2/67, pertaining to efforts to develop the captioned target. The purpose of this communication is to furnish supplemental information in the same regard.

The target was last contacted on [redacted] On that date, he furnished the following information to SA [redacted]
[redacted]

b7C
b7D

JOSEPH FISCHETTI has lost about twenty-five (25) pounds at the insistence of his doctor, and now weighs one hundred seventy-eight (178) pounds. This reduction in weight was in connection with FISCHETTI's chronic back trouble. The latter condition continues to bother him, but has been alleviated to some extent by the foregoing loss of weight.

Because of his back difficulty, FISCHETTI continues to be relatively inactive, spending most of his time at home. He is not supposed to do any heavy work or lifting.

FRANK SINATRA, the prominent entertainer, was in town recently for the premiere of the movie "Tony Rome." After the show, FISCHETTI was among those who had dinner with SINATRA at the Fontainebleau Hotel in Miami Beach.

SINATRA will return to Miami Beach in February, 1968, to play an engagement at the Fontainebleau, and to begin shooting a new movie on the "Tony Rome" theme.

Although the development of this target is being pursued on a basis which is deemed to hold the optimum opportunity for eventual success, i.e., by not approaching the informant directly for information concerning [redacted] the fact that he is becoming apparently more cordial is considered an encouraging sign. The development of this target will continue to receive top priority, and the Bureau will be kept informed of the results thereof.
